

Gerald M. Griffith is a partner in the Chicago and Detroit offices of Jones Day, ggriffith@jonesday.com. Mr. Griffith represents clients in health care transactions, regulatory compliance and tax controversies, focusing on cutting-edge affiliation structures, compensation programs and high-stakes Internal Revenue Service (IRS) audits for more than 30 years.

Gerry's transactional practice focuses on complex transactions, with an emphasis on joint ventures (domestic and international), joint operating agreements (JOAs), and acquisitions. He has defended leading hospitals, health systems, and managed care plans and other organizations in more than two dozen IRS audits and voluntary disclosures, including walk-in closing agreements and bond compliance checks. In addition, he has considerable experience in nonprofit governance, physician and executive compensation, structuring academic medical center relationships with faculty practice plans, and restructuring hospital-physician transactions for compliance with the Stark Law, Anti-Kickback Statute, and excess benefit transaction rules.

Gerry is a past president of the American Health Law Association (AHLA). He also previously served as chair of the Health Care Law Section (HCLS) of the State Bar of Michigan, president of the Illinois Association of Healthcare Attorneys, and chair of the Great Lakes Area Tax-Exempt/Government Entities Practitioners Council. He is a Fellow of both AHLA and HCLS.
